

# This Year, Fraud, Theft And Embezzlement Will Cost Our Industry **\$350,000,000**

## How much of that will be yours?

In a 2011 cyber crime survey, one in three businesses reported being a victim of online theft. In more than half of the cases, it was

more than \$1 million. If you haven't yet fallen victim, chances are you will. Prolonging the decision to safeguard your transactions puts more than your funds at risk; it puts your reputation, the trust of your customers, and their money on the line.

Now Ranks As One  
Of The Top Four  
Economic Crimes**

an inside job. For one in ten, losses exceeded \$5 million. The Computer Security Institute estimates that security breaches annually cost more than \$123 million nationally, and reach tens of billions worldwide.

The FBI reports 3,129 pending fraud investigations in 2010, a 12% increase from 2009, and a whopping 90% increase from 2008. 71% percent of those pending investigations involved dollar losses totaling
