

CONGRATULATIONS TO OUR

RynohLive announces integrations, grows team

People on the Move, Technology
Sunday, November 20, 2016

RynohLive, a financial security and fraud prevention software, announced integrations with E-Closing and Close IT Plus.

RynohLive names new team member

E-Closing, a web-based closing and title processing software, allows users to manage all aspects of the closing process from order entry to discharge tracking. It is used nationwide to handle both residential and commercial real estate closings and is seeing more growth as agents work to keep up with industry standards. E-Closing users will be to use and RynohLive's features.

"We are very happy to announce the completion of our integration with RynohLive," E-Closing Vice President of Sales and Marketing Marc Hall said in a press release. "The partnership between E-Closing and Rynoh provides our clients with a seamless solution for managing their escrow/IOLTA accounts and will ensure our clients are compliant with industry standards."

Close IT Plus enables users to expedite, simplify and automate their workflow with a variety of features.

"Just as Rynoh was created by title agents, for title agents, Close IT Plus was developed by real estate practitioners, for real estate practitioners," RynohLive CEO and Founder Dick Reass said. "We know what our industry needs. Our clients rest easier knowing that RynohLive is protecting them and we're delighting to provide Close IT Plus and their clients with that same piece of mind."

RynohLive adds to sales and marketing team

In other RynohLive news, Alan Shumate was appointed president of sales and marketing for the Northeast Region. Previously he spent 15 years in the real estate industry with a broad range of experience in loan origination, secondary markets, loss mitigating, release tracking and title insurance.

"Alan's experience in these different faucets of our industry certainly gives him a greater advantage in understanding the market as a whole," Reass said. "We're excited to welcome him to our growing team."

"Moving into a role in the fraud prevention and cybersecurity feels like a natural evolution," Shumate said. "I'm proud to be part of such a great team."
